

## SMART WHEEL

Since the inception of carts, scoring has always been on the wheel. There's a reason for that!

- The Smart Wheel provides Prime Location for users
- Eliminates the bulky drop-down platform and liabilities.
- An ABS sleeve fits over the steering column to secure and protect the wiring and connectivity
- Easily Integrated across all models
- Weather-proof, removable and lockable
- Existing platforms can be implemented with our technology

### THE SMART SOLUTION
